

Pool Attendant – Job Description

Reporting to: Leisure Centre Manager

Overview:

You will be responsible for keeping a close eye on the users of a swimming pool and associated facilities to ensure safe behaviour and assist with problems. If swimmers do get into difficulties, the attendant takes appropriate measures to rescue them and administers first aid. You will also have responsibility for the safe and hygienic operation of the pool itself, including monitoring the levels of chemicals, heating and filtration.

Duties:

- watching over the pool to ensure that swimmers are not struggling or out of their depth;
- rescuing swimmers in trouble and administering any necessary first aid;
- enforcing all poolside rules;
- overseeing the maintenance of pumps and equipment;
- undertaking dryside activities, such as gym supervision.

Requirements:

- ❖ stamina and a good level of physical fitness.
- ❖ strong swimmer with a life saving certification
